PROFESSIONAL SUMMARY

Motivated and detail-oriented aspiring Web Designer with a strong interest in creating modern, responsive, and user-friendly websites. Skilled in HTML, CSS, JavaScript, and React, with a growing understanding of web development. Creative, adaptable, and eager to learn new technologies while applying problem-solving skills to real-world projects. Seeking an opportunity to contribute to a professional team, develop practical experience, and grow as a web design professional.

PROFESSIONAL EXPERIENCE

Crew Member – KFC

- Delivered excellent customer service while managing multiple responsibilities in a fast-paced, high-volume environment.
- Consistently followed food safety, hygiene, and health standards to ensure quality and compliance.
- Worked effectively as part of a team to maintain efficient daily operations and workflow.
- Assisted in onboarding and training new team members, helping them adapt quickly to company procedures.

Restaurant Website Design – MÜZE Café

- Designed and developed a modern, responsive restaurant website using React.js, CSS, and JavaScript.
- Created an elegant user interface with interactive components, menu sections, and contact features, focusing on visual appeal, user experience, and easy navigation.

EDUCATION

Bachelor's Degree in Economics and Management (Ongoing)

- Hassan II University – Casablanca

Currently pursuing a Bachelor's Degree in Economics and Management (Common Core), actively participating in academic projects and coursework that help develop strong analytical and organizational skills. Detail-oriented and collaborative, I regularly work with peers on complex case studies and professional presentations.

IMAP School – Casablanca

- IMAP School – Casablanca

Passionate about new technologies, I am actively developing my skills in both front-end and back-end web development. Through self-learning and practical projects, I apply my technical knowledge to real-world applications. I regularly use version control tools (Git) and collaborative development methodologies while working on individual and team projects.
